

Card Game resource

A product pitch by Kevin Tung

The Problem

- Hard to find information outside of Japan.
- People being interested, but no good way to start.
- Reducing the barrier with easier to access information.

Your Solution

What is your product idea, and how does your website help solve the problem?

- Describe how your solution addresses the problem you identified.
- Keep it focused and clear
- Explain what makes your solution different
- A website that is readily available and accessible for people
- Easier to find information

Website Type

- Why is this the best format to support your product?
- News site
- Newly information and updates on the game
- Informational with Articles.

Software Development Process

- Why is this the best fit for your project goals and timeline?
- Agile
 - Information is always updating
 - Changeable depending on what the users suggested.
 - Design can always change depending on what the suggestions and feedbacks are

Target Audience

Who is the site for?

- Include 2–3 fictional visitor personas
- For each visitor, include:
 - Name
 - Gender
 - Age
 - Location
 - Occupation
 - Income
 - Web Use
 - Reasons for coming to your site
- Complete this step manually using a table or with AI tools ([ChatGPT](#))

Location	United Kingdom	Malaysia	United States
Occupation	Content Creator	Tournament Organizer	Competitive Player
Web Use	Information	Information	Information
Reasons for coming to the site	Easy to access	Uploading winning lists to the site	Seeing what the current best decks are

Key Content & Features

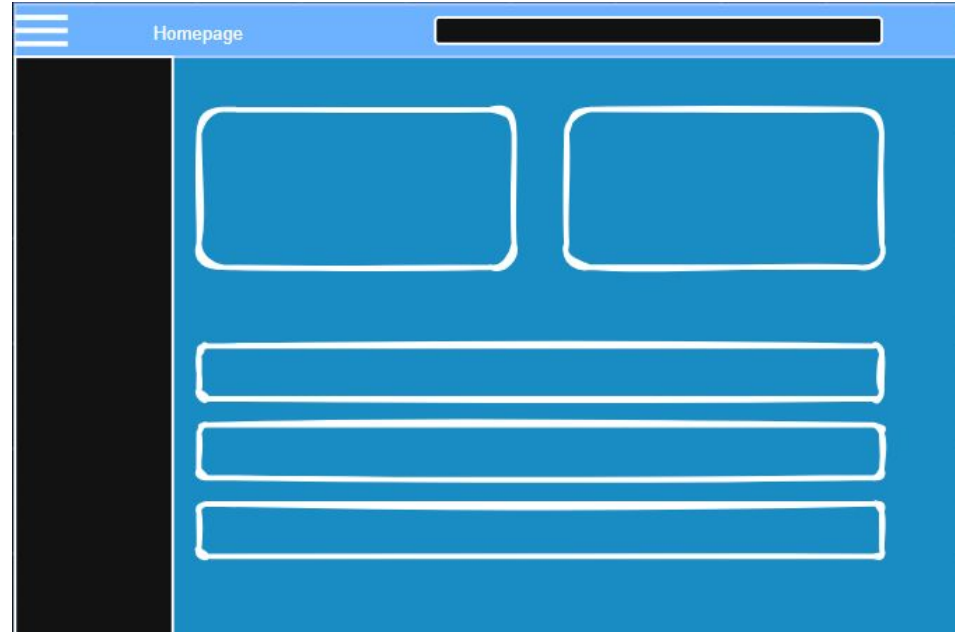

What will visitors find and do on the site?

- Current successful decks and lists.
- Database of cards and it's text.
- Deckbuilder
- Ways to test the decks

Site Map

Insert or sketch your site map.

- Start with the homepage
- Show page groupings and navigation paths
- Complete this step manually on paper, using draw.io or with AI tools ([Slickplan](https://Slickplan.com), Octopus.do)

Wireframe

Insert a wireframe of your homepage.

- Show layout of header, navigation, content blocks, footer
- Focus on what goes where, not design details
- Complete this step manually on paper, using draw.io or with AI tools ([Uizard](#), [Figma with AI plugins](#))

Pitch Summary

Wrap up your pitch.

- Why is your product needed?
- What are the key benefits of your solution?
- Why is now the right time for it?
- People asking for ways to easily access information
- Card database with text
- Would make the game more accessible for people.

Feedback Questions

Include any specific areas where you'd like peer or instructor feedback.

- Is the solution clear?
- Are the features too much/little?
- Is the target audience well-defined?
- Changes to the site map
